

Therapeutic oil 13x

An amazing miracle- out of the ordinary and supernatural!

I started the preparation with a formula of thirteen different herbs which I received some six month ago when my husband Rabbi Yigal Pizm was stricken and immobilized with a terrible case of sciatica. Unable to move around, he suddenly found himself needing a wheelchair. In despair I designed a balm out of thirteen different herbs and applied it to his injury. Amazingly, he was able get up, got rid of the wheelchair and the cane, and since then, people from Kiryat Shmuel and other areas have been knocking on my door. They all want this miracle oil. Baruch HaShem, thank G-d, the Rebbe instructed me to manufacture and advertise throughout the land and to send the book about this oil and all it has achieved to the library at 770.
